Midnight Wheat Malt now available year 'round

CHILTON, WISCONSIN—Briess Malt & Ingredients Co. has announced that Midnight Wheat Malt, the summer release in its Maltster's Reserve Series, is now available year 'round. A new malt to replace it in the seasonal malt series will be announced next year.

Midnight Wheat Malt was developed specifically to deliver color without any bitter, astringent, dry flavors or aftertaste. It is well suited for Black IPAs, Schwarzbier, dark lagers and any beer in need of color without harsh or bitter flavors. At 550° Lovibond, it is the darkest roasted malt produced by Briess. In addition to having no bitter, astringent, dry flavors or aftertaste, Midnight Wheat Malt starts slightly sweet, delivers mild roasted/chocolate/coffee flavors and finishes very clean.

For more information contact Briess at 920.800.0806 or info@briess.com.
